FRAMEWORK

Mumpreneurship is a concept that incorporates Maternity and Entrepreneurship, meaning that involves women who, after becoming mothers decide to create their own business. In Europe that movement is mostly being developed by informal groups of women who feel the need to join into communities with peers to exchange ideas, share knowledge and expand their business.

TARGET GROUP

In FEMME project we find a priority to involve **incubators/trainers/adult educators** on entrepreneurship to extend their competences for **Mumpreneurship** and provide a better and suitable service for Mumpreneurs leading them to create jobs on a start-up environment.

THE OVERALL OBJECTIVES OF THE PROJECT ARE:

To empower trainers/adult educators on mumpreneurship;

To empower mumpreneurs;

To know the state of the art of mumpreneurship in the partnership countries;

To exchange best practices on mumpreneurship initiatives;

Dissiminate mumpreneurship by establishing the basis for an European Network on Mumpreneurship;
